

WONDER GIRLS:

INNOVATE!

IGNITING CREATIVITY TO
TRANSFORM OUR WORLD

Spend the day with us stretching your imagination and learning about cool animal and nature characteristics and how they could be applied to help solve human problems.

Wonder Girls: Innovate! Is led by Ursuline's Innovation and Leadership teacher, Erin McNichol, who empowers girls by teaching them to think outside the box. By looking at the world as a blank canvas, she guides them through the idea generation process of designing animal and nature inspired innovations.

Girls will team up with our current Upper School Innovation students to create idea boards and models that represent designs that could help make our lives better in some way.

The event is free, and no supplies are needed! Attendees can enjoy pizza, snacks, and beverages provided by Ursuline Academy!

Who: Girls ages 10-14
